### Charity Gets Small Per Cent Of Fund From Sale Of Junk

The drive by the Associated Charities for rags, old clothing and like material is being conducted under the terms of a contract drawn between the charities and Harrison co-operative service, 233 Fourth avenue, New York. Thirty thousand bags have been placed in homes, with requests that the material be placed therein, to be collected later. Under the terms of the contract, the material gathered will be sold by the pound to the high bidder. The contract gives to the Associated Charities the first cent per pound on the purchase price. The New York concern gets the next 4 cents per pound, and the balance, if there be any, goes to the charities. If the material sells for less than 2 cents a pound, the charities gets the first cent and the Harrison firm the balance. They seem to expect to get 2 cents per pound.

### BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever used. All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of the cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal, and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be foolish, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take, and the most agreeable cold and cough remedy for infants and children.
